DATE 2007

1. This project provides for financial assistance, material support and operational guidance for an anti-Soviet Russian emigre organization which is actively engaged in semi-covert and covert activities directed against the Soviet regime and Soviet occupation forces in Germany and Austria.

2. The emigre organization makes its headquarters in the U.S. zone of Germany. Contact with the organization will be made by a staff agent operating in Germany and responsible to the Chief of Station, Germany. The agent is now undergoing training prior to dispatch to the field.

3. Approval has been obtained for a total budget of \$24,000 for the remainder of fiscal 1951, of which \$22,000 is budgeted as subsidy (.070) and \$2,000 as compensation (.07B), all to be expended in the field.

4. The staff agent, operating under appropriate cover, will take up residence close to the organization's headquarters and make contact with the group through channels known to the Chief of Station, Germany. After establishing his bona fides, he will maintain contact with the leaders of the organization and pass monies to them for the accomplishment of the project's objectives. To whatever extent may prove feasible, he will obtain from them a general accounting for expenditure of the funds.

5. It is believed that this project does constitute a subsidy within the meaning of the term as employed by the Subsidy Committee.
